

Titanic

Year 2 Spring Term 1

In RE the children will be learning about The Family in Judaism including the tradition of Shabbat.

Reading

Please read with your child every day. Please encourage them to recognise by sight or sound out words.

Please continue to talk to them about their books. Ask them to retell the story or predict what might happen next.

Homework Project

Choose to:

- Create a model of The Titanic.
- Design a leaflet or fact file.

Science

We will be investigating about the properties of materials and their uses.

Maths

In maths, the children will be continuing to develop their multiplication and division skills. They will also be learning about fractions.

Times Tables

Please encourage your child to count in multiples of 2, 5 and 10 and to learn the multiplication and division facts for their weekly times table challenge.

This term, Year 2 children will be learning all about the fascinating history of The Unsinkable Titanic.

The children will be discovering about what life was like on board the largest passenger ship of the time and the events leading up to the disaster.

Their work will focus on finding out about the past in different ways, using a range of information sources.

The children will take on the role of a character and describe life on board the luxurious ship. They will also write a newspaper report on the events of the disaster.

Please encourage your child to read a range of 9 different books each month. Research shows this makes a significant difference to academic

achievement.
