ACCESSIBILITY PLAN

Statement

At The Grange School we are committed to ensuring equal treatment for all, including those with any form of disability. By 'all' we mean anyone involved in the school community including employees, pupils, parents, carers and governors.

We will reduce and eliminate the barriers to accessing the curriculum and will ensure full participation in the school community for pupils, and prospective pupils, with a disability.

We will reduce and eliminate barriers to adults with a disability, be they staff, parents, carers, governors and all prospective individuals to ensure their full participation in the life of the school.

We aim to develop a culture of inclusion and diversity in which people feel confident about disclosing their disabilities in the certain knowledge that they will receive a positive and supportive response which facilitates their full participation in the full range of activities offered by our school.

We seek to foster a positive response to disability among all members in our school community and to eliminate bullying, harassment or the less favourable treatment of people with disabilities wherever and whenever it is likely to occur.

The school recognises and values parents' knowledge of their child's disability and its effect on the child's ability to carry out normal activities, and respects the parents' and child's right to confidentiality.

The school provides all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and their preferred learning styles, and endorses the key principles in the National Curriculum 2014 Framework:

Promoting the spiritual, moral, cultural, mental and physical development of pupils at the school and of society

Preparing pupils at the school for the opportunities, responsibilities and experiences of later life.

Although this plan is a requirement for pupils, the school also has a duty to staff and visitors, who will benefit from any amendments, in particular in relation to the building access.

Our Duty

The Equality Act 2010 introduced a single Public Sector Equality Duty (PSED) that applies to schools. It has three main elements. Schools are required to have due regard to the need to:

Eliminate discrimination and other conduct that is prohibited by the Act Advance equality of opportunity between people who share a protected characteristic and people who do not share it. Foster good relations across all characteristics – between people who share a protected characteristic and people who do not share it.

The equality duty covers the nine protected characteristics; age, disability, gender, reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

Definition of Disability

Disability is defined by the Equality Act 2010 as:

'When a person has a physical or mental impairment which has a substantial and long term adverse effect on that person's ability to carry out normal day to day activities.'

Some specified medical conditions, HIV, multiple sclerosis and cancer are all considered as disabilities, regardless of their effect.
