### Features and Benefits

Broadband Buddy allows you to control what websites your family can access. It also helps protect you from websites that try to collect your private information without your knowledge, and sites that might harm your computer or other devices.

### What specific content can I restrict?

### What do I need?

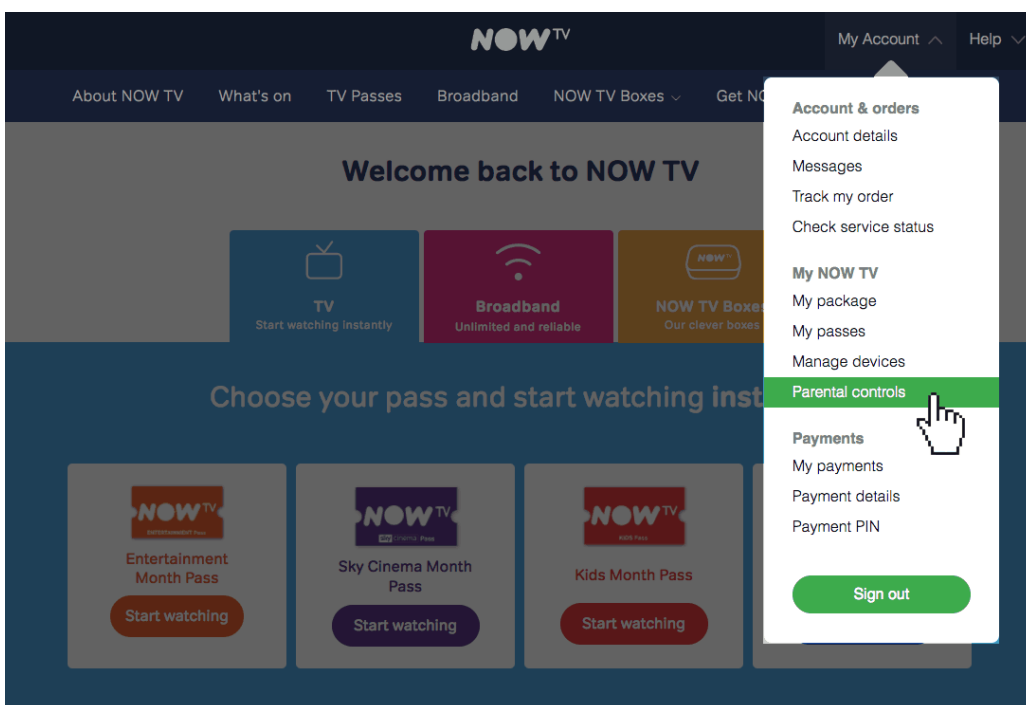

Broadband Buddy is available to all NOW Broadband and NOW TV Combo customers at no extra cost. It's not available with any other broadband providers, and you won't be protected by Broadband Buddy if you change to another provider.

## Step by step guide

**1**

To get started, simply choose an age rating to suit the people who'll be using broadband in your home. This automatically creates the appropriate internet security settings for all of your devices. Go to [nowtv.com](http://nowtv.com), click the 'My Account' tab, and look for the Parental Controls option.
